Our objective is to facilitate the development of college age people into reproducing disciples of Jesus Christ. We desire to provide an environment for people at all levels of Christian maturity by implementing a three-fold strategy of Outreach, Discipleship, and Leadership Training.

I Timothy 4:7-8
Matthew 28:19-20
II Timothy 2:2

In Outreach, our goal is the relevant proclamation of the Gospel to as many students as possible. In Discipleship, we emphasize spiritual disciplines, personal holiness, public righteousness, faithful service, and the acquisition of spiritual reproductive skills. Leadership Development is designed to equip students to take responsibility of multiplying themselves in others.
